

Story Health Report

SNAP Login Screen
Story 121213 | dummy fixture
2026-10-08 08:24 UTC

User story health, test coverage, and defect status.

8	18	0	0	Red	No open bugs
SCENARIOS	TESTS	MAPPED	BUGS	COVERAGE RAG	STORY HEALTH

Title block

Project: Ecom MVP

Overall RAG

Red

Story health: No open bugs **Rules:** SR-1, SR-2, SR-3
Coverage gaps require QA review.

Coverage: Review the explicit mapping results on the score.

Fixture note: AC-2, AC-3, and AC-8 say the Login button stays disabled when a required field is empty. Tests 121217, 121218, and 121219 say the tester clicks Login and sees inline validation. This note records that contradiction. It is not a mapping.

AC review

The AC field is empty.

Scenarios: 8

AC-1: Successful login with valid credentials. Authenticated and redirected to the SNAP dashboard / home page

AC-2: Empty email field. Login button stays disabled or inactive

AC-3: Empty password field. Login button stays disabled or inactive

AC-4: Invalid email format. Inline validation error; user stays on the login page

AC-5: Unregistered email, or valid email with the wrong password. Invalid-credentials error; user stays on the page; password field is cleared

AC-6: Show / Hide on the password field. Plain text, then masked again

AC-7: Forgot Password?. Redirect to the password recovery page

AC-8: Either required field empty. Login button stays disabled or inactive

AC ID	Acceptance scenario	Testable
AC-1	Successful login with valid credentials. Authenticated and redirected to the SNAP dashboard / home page	Yes
AC-2	Empty email field. Login button stays disabled or inactive	Yes
AC-3	Empty password field. Login button stays disabled or inactive	Yes
AC-4	Invalid email format. Inline validation error; user stays on the login page	Yes
AC-5	Unregistered email, or valid email with the wrong password. Invalid-credentials error; user stays on the page; password field is cleared	Yes
AC-6	Show / Hide on the password field. Plain text, then masked again	Yes
AC-7	Forgot Password?. Redirect to the password recovery page	Yes
AC-8	Either required field empty. Login button stays disabled or inactive	Yes

AC ↔ test mapping

AC ID	Explicit test IDs	Gap
AC-1	None	No coverage
AC-2	None	No coverage
AC-3	None	No coverage
AC-4	None	No coverage
AC-5	None	No coverage
AC-6	None	No coverage
AC-7	None	No coverage
AC-8	None	No coverage

Coverage by type

Total tests: 18 | Mapped ACs: 0 | Bugs: 0

Type	Count
Positive	0
Negative	0
Edge	0
Security	0
Adhoc	0
Unset	18

8 acceptance criteria
0 adequately covered
0 with gaps
8 not covered

Adequate: 0; Partial: 0; None: 8
Color key: Adequate, Partial, None.

Bugs

Bug ID	Title	State	Story ID	TC ID	Priority	Severity	Assigned To	Found in Env	Application	Created
No bugs.										

Recommended actions

Owner	Action
QA	Review the scenario mapping gaps.
Dev	Keep story health based on scored bug facts.
PO	Review the story criteria.

Appendix

Story IDs	121213
AC IDs	AC-1, AC-2, AC-3, AC-4, AC-5, AC-6, AC-7, AC-8
Test IDs	121216, 121217, 121218, 121219, 121220, 121221, 121222, 121223, 121224, 121225, 121226, 121227, 121228, 121229, 121230, 121231, 121232, 121233
Bug IDs	None recorded
